Experience

- Research Assistant**
BME Dept. of Hydrodynamic Systems
2024 – Present, part-time
Responsible for data analysis in aneurysm research and uncertainty quantification in simulation models using Dakota, Python and MATLAB. Built a virtual patient sampling algorithm in MATLAB.
- Online Tutor**
Superprof
2023 – Present
Delivered over 1000 online tutoring hours in Math and Physics (English/Hungarian). Consistently ranked among the top tutors nationwide based on student feedback.
- Guest Student**
Eötvös Loránd University (ELTE)
Spring 2023
Completed university-level Fourier Analysis lectures at the Faculty of Science by special permission from the teacher while attending high school.

Software Skills

Operating Systems
Windows, Linux (WSL), HPC

Engineering Software
Dakota, AutoCAD, Inventor, LabVIEW, MPLAB, Jupyter

Programming Languages
MATLAB, Python (PyTorch), C, C++, R, Wolfram Mathematica, Solidity

Languages & Competencies

English: C1 IELTS Professional Working Proficiency
German: B2 Intermediate
French: B1 (no certificate)
Hungarian: Native

Driving License: Category B

Education

- BSc in Mechatronics Engineering**
Budapest University of Technology and Economics (BME)
2023 september– 2027 january
Faculty of Mechanical Engineering
Specialization: Analysis of Mechatronic Structures
Track: Advanced Mathematics Program
- High School Diploma**
ELTE Trefort Ágoston High School
2017 september – 2023 june
Specialization in Mathematics, Physics, and English

Awards & Research

- xxx Place – Scientific Students’ Conference 2026 (TDK Research Paper)**
BME Faculty of Electrical Engineering and Informatics
+ BSc thesis
Paper: "Reconstructing CFD-ready intracranial vessel surfaces with aneurysms"
- 1st Place – Scientific Students’ Conference 2025 (TDK Research Paper)**
BME Faculty of Mechanical Engineering
Paper: "Evaluating uncertainty quantification methods in a simplified aneurysm model"
+ GHK Special Award
+ CMFF conference 2025
+ VPH conference 2026 Milan
+ 1st Place at EELISA Madrid SSC 2026
- 1st Place – Scientific Students’ Conference 2024 (TDK Research Paper)**
BME Faculty of Economic and Social Sciences
Paper: "Irrationality in skewness preferences"
+ Morgan Stanley Best Paper on Economic Topics Award
+ D1 publication as only author (finance research letters)
+ 3rd Place at National OTDK Finals 2025

Hobbies

Cycling: Ultra-endurance

Tech: Overclocking, Hardware enthusiast

DIY: Built a garden house

Instrument: Drumming
